The FlexiFit™ 406 Petite Nasal Mask offers an over-the-nose mask solution specifically designed to fit finer featured faces. The Petite design is small, light and easy to use. The Stretchgear™ Headgear provides even greater comfort and a maintenance-free bias diffuser ensures quieter operation. The FlexiFit™ 406 Petite Nasal Mask comes as an Out-of-Box Solution fully assembled and ready for use.

UNIQUE MASK FEATURES FOR GREATER FREEDOM, COMFORT AND COMPLIANCE

FlexiFit™ Technology Auto-contouring fit

With Foam Cushion
FlexiFit™ Technology automatically adjusts to a wide range of nasal and facial contours with simple one-step ease of fitting and no complicated adjustments.

Glider™ Strap Anti-leak system

The sliding Glider™ Strap provides freedom of movement while maintaining a seal. Mask force remains equal when the head rotates from side to side, minimizing the occurrence of leaks.

Stretchgear™ Headgear Deluxe mask suspension system

This is a special elastic headgear segment that maintains an equal mask force when the head tilts up or down.

Premium Frosted Silicone Seal Optimizing seal technology

This seal technology has a soft, smooth feel to slide onto the face, and its frosted texture optimizes the mask seal.

Efficient Bias Diffuser Quiet usage

Maintenance Free
This advanced air diffuser system prevents air from blowing onto the sleeping partner and decreases noise that could potentially disrupt sleep.

Glider™ Clip One-step removal

Simple one-step removal of headgear. No ongoing headgear adjustments required.

Hidden Strap Release One-step removal

Easy one-step removal of headgear. Enables reassembly without having to make fitting adjustments.
